BEFORE THE
OHIO ENVIRONMENTAL PROTECTION AGENCY

In the Matter of:

Warren Fabricating Corporation
7845 Chestnut Ridge Road
Hubbard, Ohio 44425

Respondent

Director's Final Findings and Orders

PREAMBLE

It is agreed by the parties hereto as follows:

I. JURISDICTION

These Director's Final Findings and Orders (Orders) are issued to Warren Fabricating Corporation (Respondent) pursuant to the authority vested in the Director of the Ohio Environmental Protection Agency (Ohio EPA) under Ohio Revised Code (ORC) §§ 3734.13 and 3745.01.

II. PARTIES BOUND

These Orders shall apply to and be binding upon Respondent and successors in interest liable under Ohio law. No change in ownership of Respondent or of the Facility shall in any way alter Respondent's obligations under these Orders.

III. DEFINITIONS

Unless otherwise stated, all terms used in these Orders shall have the same meaning as defined in ORC Chapter 3734 and the rules promulgated there under.

IV. FINDINGS

The Director of Ohio EPA has determined the following findings:

1. Respondent is a "person" as defined in ORC §3734.01(G) and Ohio Administrative Code (OAC) rule 3745-50-10(A).
2. Respondent owns and operates a heavy machining and fabrication company which manufactures, among other things, surface mining, steel mill and power generation equipment and is located at 7845 Chestnut Ridge Road, Hubbard, Trumbull County, Ohio (Facility).

3. Respondent notified Ohio EPA of its hazardous waste activities at the Facility and was issued U.S. EPA identification number OHR000030411.

4. At the Facility, Respondent generates hazardous waste and used oil as those terms are defined by ORC §3734.01, and OAC rules 3745-50-10(A) and 3745-51-03. Respondent generates non-acute hazardous waste in amounts greater than 100 kilograms per month, but less than 1,000 kilograms per month, and therefore is considered a small quantity generator (SQG) of hazardous waste. As a SQG, Respondent may accumulate hazardous waste for up to 180 days, but may not exceed a total of 6000 kilograms of hazardous waste, in accordance with OAC rule 3745-52-34(D), without having a hazardous waste installation and operation permit. Respondent generates spent xylene solvent from cleaning paint guns, which is listed hazardous waste F003 as described in OAC rule 3745-51-31 and characteristically hazardous for ignitability, D001, as described in OAC rule 3745-51-21.

5. On March 4, 2011, Ohio EPA conducted a complaint investigation and a partial compliance evaluation inspection at the Facility. As a result of this investigation/inspection, Ohio EPA determined Respondent, inter alia, failed to label containers of used oil with the words “Used Oil,” in violation of OAC rule 3745-279-22(C)(1).

6. In a letter dated March 24, 2011, Ohio EPA notified Respondent of the violation referenced in Finding No. 5. of these Orders. Additionally, Ohio EPA requested Respondent sample the hazardous waste spent xylene solvent and have it analyzed to verify the waste was adequately characterized.

7. By letter dated April 21, 2011, Respondent submitted documentation in response to Ohio EPA’s letter referenced in Finding No. 6. of these Orders. This documentation included photographs, a hazardous waste manifest dated April 6, 2011, indicating the hazardous waste spent xylene solvent had been shipped offsite to a facility authorized to receive hazardous waste, and analytical results dated April 13, 2011, which indicated the spent xylene solvent was listed hazardous waste F003 as described in OAC rule 3745-51-31 and characteristically hazardous for ignitability, D001, as described in OAC rule 3745-51-21.
8. Because the spent xylene solvent was listed hazardous waste and the manifest for the April 6, 2011 shipment of hazardous waste submitted by Respondent documented greater than 180 days since the previous shipment of hazardous waste off-site on August 28, 2009 and Respondent accumulated quantities of waste in excess of the 6000 kilogram maximum allowed for SQGs, Ohio EPA determined Respondent had, inter alia, established and operated a hazardous waste storage facility without a hazardous waste installation and operation permit, in violation of ORC §3734.02(E) and (F).

9. In a letter dated June 23, 2011, Ohio EPA notified Respondent of the violations referenced in Finding No. 8. of these Orders.

10. In a letter dated July 11, 2011, Ohio EPA notified Respondent it had abated the violation referenced in Finding No. 5. of these Orders.

11. Because the waste was shipped offsite to an authorized facility on April 6, 2011, there was no evidence of releases of the hazardous waste, the containers appeared to be in good condition, and Respondent will continue to use the area to accumulate hazardous waste for less than 180 days, the Director has determined that no additional action, including closure in accordance with OAC chapter 3745-54 and 3745-55, is required of Respondent at this time regarding the ORC § 3734.02(E) and (F) violations referenced in Finding No. 8. of these Orders.

V. ORDERS

Respondent shall achieve compliance with Chapter 3734. of the ORC and the regulations promulgated there under according to the following compliance schedule:

Respondent shall make the payment within 60 days after the effective date of these Orders by tendering an official check made payable to “Treasurer, State of Ohio” for $5,200.00. The official check shall be submitted to Brenda Case, or her successor, Ohio EPA, Office of Fiscal Administration, Department L-2711, Columbus, Ohio 43260-2711, together with a letter identifying Respondent. Box 1049, Columbus, Ohio 43216-1049.

c. Should Respondent fail to fund the SEP within the required time frame established in Order No. 1.b., Respondent shall pay to Ohio EPA, within 7 days after failing to comply with Order No. 1.b., the amount of $5,200.00 in accordance with the procedures in Order No. 1.a.

VI. TERMINATION

Respondent’s obligations under these Orders shall terminate upon Ohio EPA’s receipt of the official checks required by Section V. of these Orders.

VII. OTHER CLAIMS

Nothing in these Orders shall constitute or be construed as a release from any claim, cause of action or demand in law or equity against any person, firm, partnership or corporation, not a party to these Orders, for any liability arising from, or related to, the operation of Respondent’s Facility.
VIII. OTHER APPLICABLE LAWS

All actions required to be taken pursuant to these Orders shall be undertaken in accordance with the requirements of all applicable local, state and federal laws and regulations. These Orders do not waive or compromise the applicability and enforcement of any other statutes or regulations applicable to Respondent.

IX. MODIFICATIONS
