Scrap Tires  
Noble County  
ST020094

Dear Mr. Foreman:

On June 16, 2014, the Ohio Environmental Protection Agency (Ohio EPA) received a request to authorize your company to transport scrap tires currently open dumped on your property without obtaining a scrap tire transporter registration. In a letter dated February 14, 2014, Guernsey Scrap Recycling, Inc. was cited in violation of open dumping of scrap tires at its facility located at 45198 Cornstalk Road in Caldwell, Noble County, Ohio.

OAC Rule 3745-27-54(A)(2)(m) states, in relevant part, that a person may transport scrap tires without obtaining a scrap tire transporter registration if the director specifically authorizes that person, in writing, to transport their scrap tires in order to remove scrap tires from a property to abate a public nuisance or open dump.

In accordance with OAC Rule 3745-27-54(A)(2)(m), I hereby authorize Guernsey Scrap Recycling, Inc. to transport scrap tires from its business located at 45198 Cornstalk Road in Caldwell, Noble County, Ohio to Northwestern Disposal operated by Waste Management of West Virginia and identified by West Virginia Department of Environmental Protection as SWF-1025 WV-0109400 located at 512 East Dry Run Road, Parkersburg, WV 2601. You are directed to remove and dispose of the scrap tires present on your property. Please be advised that only Guernsey Scrap Recycling, Inc. is authorized to transport the scrap tires under this authorization and may only use vehicles owned or leased by Guernsey Scrap Recycling, Inc. This authorization shall expire on September 30, 2014, or at the time the scrap tire cleanup is complete, whichever occurs first. Please be advised that Guernsey Scrap Recycling, Inc. must comply with the shipping paper requirements outlined in OAC Rule 3745-27-57. Please place a copy of this letter in any vehicle used for the transportation of scrap tires, as authorized by this letter.

You are hereby notified that this action of the Director of Ohio EPA (Director) is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00 made payable to "Treasurer, State of Ohio." The Commission, in its discretion, may reduce the fee if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
