**Re: Suburban North Recycling & Disposal Facility, Ground Water
Monitoring Statistical Plan Revision 6; Addition Of
Background Data; Licking County**

MAS [Signature] on 6/8/2012

Dear Ms. Robinson:

On February 8, 2012, the Ohio Environmental Protection Agency (Ohio EPA), Division of Materials and Waste Management (DMWM), Central District Office (CDO), received a document titled "Statistical Analysis Program for Ground Water Quality Monitoring-Revision 6", for the Suburban (North) Recycling and Disposal Facility (Facility), in Licking County. This document was submitted by Allan Razem of Eagon & Associates, Inc., on behalf of Suburban Landfill, Inc. It contains the ground water statistical program and revisions.

According to the document, statistically significant ground water quality data results are proposed for inclusion as background data by the facility. Pursuant to Ohio Administrative Code 3745-27-10(C)(7)(g) background data can be added only in blocks of data resulting from the analysis of four or more statistically independent samples after the data have been statistically compared to current background data and no statistical differences are detected, unless another method is deemed acceptable to the director.

Ohio EPA, Division of Drinking and Ground Water has reviewed the proposal and concurs that this data can be added to the background database. Therefore, pursuant to OAC Rule 3745-27-10(C)(7)(g), the facility is authorized to add data identified in the statistical plan to the background database for the facility.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Treasurer State of Ohio," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:
