Ohio Environmental Protection Agency Fee Schedule

Most invoices issued by Ohio EPA may be paid through our online [eBusiness Center](#) with a credit card or by debiting your bank account through the Automated Clearing House (ACH). Payments will appear on your statement with *identifiable merchant names* based on the type of service provided.

- Automated Clearing House – There is no service fee for ACH payments. ACH payments do require an Ohio EPA eBusiness Center Personal Identification Number (PIN). If you have a PIN for another eBusiness Center service, that same PIN may be used to pay by ACH. If you do not have a PIN, one may be obtained now by verifying your identification in the eBusiness Center.
- MasterCard, VISA or Discover Credit Card - A service fee of 1.9% of the total amount owed will be charged for payments made by credit card.

Permit and Registration Fees

Permit-to-install (PTI) fees and registration fees are as follows. Fees are automatically doubled if construction began after July 1, 1993 and before issuance of a PTI. *Source: Ohio Revised Code 3745.11*

Fuel-burning Equipment

Maximum Input Capacity (million BTU/hour)	PTI Issued on or after July 1, 2003
0 to 9 mmBtu per hour	\$200
10 to 99 mmBtu per hour	\$400
100 to 299 mmBtu per hour	\$1,000
300 to 499 mmBtu per hour	\$2,250
500 to 999 mmBtu per hour	\$3,750
1,000 to 4,999 mmBtu per hour	\$6,000
5,000 mmBtu per hour or more	\$9,000

NOTE: ORC 3745.11(F)(1) states that "units burning exclusively natural gas, number two fuel oil, or both shall be assessed a fee that is one-half the applicable amount shown in division (F)(1) of this section."

Combustion Turbines

Maximum Input Capacity (megawatts)	PTI Issued on or after July 1, 2003
0 to 9 megawatts	\$25
10 to 24 megawatts	\$150
25 to 49 megawatts	\$300
50 to 99 megawatts	\$500
100 to 250 megawatts	\$1,000
Greater than 250 megawatts	\$2,000

Incinerators

Input Capacity (pounds per hour)	PTI Issued on or after July 1, 2003
0 to 100 lbs/hr	\$100
101 to 500 lbs/hr	\$500
501 to 2,000 lbs/hr	\$1,000
2,001 to 20,000 lbs/hr	\$1,500
More than 20,000 lbs/hr	\$3,750

Fees are automatically doubled if construction began after July 1, 1993, and before issuance of a PTI.

Process Weight Rate

Note: In any process where process weight cannot be determined, the minimum fee shall be assessed.

Process Weight Rate Standard Identification Classification (SIC) Codes

Major Group 10 - Metal mining	3281 - Cut stone and stone products
Major Group 12 - Coal mining	3295 - Minerals and Earth, ground or otherwise treated
Major Group 14 - Mining and quarrying of nonmetallic minerals	4221 - Grain elevators (storage only)
Industry Group 201 - Grain mill products	5159 - Farm-related raw materials
2873 - Nitrogen fertilizers	5261 - Retail nurseries and lawn and garden supply stores
2874 - Phosphatic fertilizers	

Process Weight Rate for SIC Codes (pounds per hour)	PTI Issued on or after July 1, 2003
0 to 10,000 lbs/hr	\$200
10,001 to 50,000 lbs/hr	\$400
50,000 to 100,000 lbs/hr	\$500
100,001 to 200,000 lbs/hr	\$600
200,001 to 400,000 lbs/hr	\$750
400,001 or more lbs/hr	\$900

Process Weight Rate for Other Industries (pounds per hour)	PTI Issued on or after July 1, 2003
0 to 1,000 lbs/hr	\$200
1,001 to 5,000 lbs/hr	\$500
5,001 to 10,000 lbs/hr	\$750
10,001 to 50,000 lbs/hr	\$1,000
More than 50,000 lbs/hr	\$1,250

0 to 20,000 gal.	\$100
20,001 to 40,000 gal.	\$150
40,001 to 100,000 gal.	\$250
100,001 to 500,000 gal.	\$400
500,001 gal. or greater	\$750

Ohio Environmental Protection Agency Fee Schedule

Gasoline/Fuel-Dispensing Facilities

For each gasoline/fuel dispensing facility, including all units at the facility, a PTI issued on or after July 1, 2003, is \$100. Fees are automatically doubled if construction began after July 1, 1993, and before issuance of a PTI.

Dry Cleaning Facilities

For each dry cleaning facility, including all units at the facility, a PTI issued on or after July 1, 2003, is \$100. Fees are automatically doubled if construction began after July 1, 1993, and before issuance of a PTI.

Coal-Mining Facilities

For each mining source or location regulated under *Ohio Revised Code, Chapter 1513*, a PTI is \$250. Fees are automatically doubled if construction began after July 1, 1993, and before issuance of a PTI.

Extensions, Modifications and Express Processing

Administrative Modifications

A facility issued a modification to a PTI shall pay a fee equal to one-half of the fee that would currently be assessed to obtain a PTI, not to exceed \$2,000 per source. Fees apply to modifications initiated by the owner or operator. Fees are automatically doubled if construction began after July 1, 1993, and before issuance of a PTI.

Chapter 31 Modifications

A facility issued a Chapter 31 modification to a PTI shall pay a fee equal to the fee that would currently be assessed to obtain a PTI. Fees apply to modifications initiated by the owner or operator.

Time Extensions

A facility issued a time extension for a PTI shall pay a fee equal to one-half the originally assessed fee, not to exceed \$200.

Express Permit-to-Install Processing

For each source that is registered for express processing under *ORC 3704.037*, a PTI issued on or after July 1, 2003, is \$75. Fees are automatically doubled if construction began after July 1, 1993, and before issuance of a PTI.

Asbestos Program

Renovation/Abatement Notification Fees

Per ORC 3745.11(G), an owner or operator who is responsible for an asbestos renovation/abatement project regulated under OAC Chapter 3745-20, shall pay the fees set forth in the following schedule. This applies when thresholds are greater than or equal to 260 linear feet; 160 square feet; or 35 cubic feet of regulated asbestos containing material (RACM).

- Each notification - \$75 plus,
- Asbestos removal - \$3/unit (1 unit = any combination of linear feet or square feet equal to fifty) and/or
- Asbestos cleanup - \$4/cubic yard

Ohio Environmental Protection Agency Fee Schedule

Per ORC 3710.07(C), if the renovation/abatement project involves removal, encapsulation, enclosure or repair of greater than 50 square feet or 50 linear feet of RACM, the Ohio EPA licensed asbestos hazard abatement contractor is responsible for paying the fees set forth in the following schedule. The fees shall be submitted with the original notification.

- If notification is not an installation - \$65 fee, or
- If notification is an installation - \$65 fee for each address where RACM exceeds 50 square feet or 50 linear feet.

Demolition Notification Fee

Per ORC 3745.11(G), an owner or operator who is responsible for an asbestos demolition project regulated under OAC Chapter 3745-20, shall pay the fees set forth in the following schedule. The fees shall be submitted with the original notification.

- Each notification - \$75

Licensing Fees

All persons, companies and courses regulated under OAC 3745-22 must apply for license and pay the following required fees.

Asbestos hazard abatement contractor	\$750
Asbestos hazard abatement specialist	\$200
Asbestos hazard evaluation specialist	\$200
Asbestos hazard abatement project designer	\$200
Asbestos hazard abatement air monitoring technician	\$100
Asbestos hazard abatement worker	\$50
Asbestos initial training course fee	\$900
Asbestos refresher training course fee	\$300

Emission Fees

Title V Facilities

All owners or operators of facilities that are required to apply for and obtain a Title V permit according to *Ohio Administrative Code, Chapter 3745-77*, are required to file Fee Emission Reports annually on April 15. These reports identify the estimated actual emissions for the prior calendar year for the following pollutants: particulate matter; sulfur dioxide; nitrogen oxides; organic compounds; and lead. A fee of \$25 per ton (adjusted annually based on the Consumer Price Index, using November 1989 as a base year) is assessed based on the total reported emissions (up to 4,000 tons per pollutant).

Ohio Environmental Protection Agency Fee Schedule

Synthetic Minor Title V (SMTV Facilities)

SMTV facilities are facilities that are subject to federally enforceable limits on allowable emissions from the facility. These voluntary limits are established to “synthetically” limit the potential to emit below major source thresholds to avoid Title V permitting requirements. All owners or operators of SMTV facilities are required to file SMTV Fee Emission Reports annually on April 15. These reports identify the estimated actual emissions for the prior calendar year for the following pollutants: particulate matter, sulfur dioxide, nitrogen oxides, organic compounds and lead. A fee is assessed based on the schedule to the right.

Total Tons Per Year of Regulated Pollutants Emitted	Annual Fee Per Facility
Less than 10	\$170
10 to 19	\$340
20 to 29	\$670
30 to 39	\$1,010
40 to 49	\$1,340
50 to 59	\$1,680
60 to 69	\$2,010
70 to 79	\$2,350
80 to 89	\$2,680
90 to 99	\$3,020
100 or more	\$3,350

Non-Title V Facilities

All owners or operators of facilities that do not qualify as Title V facilities or Synthetic Minor Title V facilities are required to pay a fee based on the sum of actual emissions for the following pollutants: particulate matter, sulfur dioxide, nitrogen oxides, organic compounds and lead. Although this fee is based on reported annual emissions, the reporting and assessment of fees is administered every two years. The non-title V fee report is due by April 15 of each reporting year (bi-annually) and is assessed for each of the two years identified in the report according to the following schedule:

Reported Annual Emissions from January 1, 2004 to date (ORC 3745.11(D)(2))	
Tons per year	Annual Fee per Facility
0 to 9	\$100
10 to 49	\$200
50 to 99	\$300
100 or more	\$700

Ohio Environmental Protection Agency Fee Schedule

Community Right-to-Know (Division of Air Pollution Control)

Hazardous Chemical Inventory Reporting

“312” Emergency Planning and Community Right-to-Know Reporting Facilities subject to the Occupational Safety and Health Administration’s (OSHA) Hazard Communication Standard, regardless of size and number of employees, must report the identity(ies), storage location(s) and volume amount(s), and submit a facility map involving those hazardous substance(s) stored or used in quantities of 10,000 pounds or more. For the designated 360 extremely hazardous substances, the trigger quantity for reporting is the assigned threshold quantity or 500 pounds, whichever is less. Chemical inventory filing fees are due March 1 of each year for the preceding calendar year.

Chemical Inventory Filing Fee

Manufacturing/Non-Manufacturing Sectors	Oil and Gas Extraction/Storage Sites
<ul style="list-style-type: none">• Base — \$150• Additional \$20 per hazardous substance reported• Additional \$150 per extremely hazardous substance reported	<ul style="list-style-type: none">• Base — \$50 for up to 25 facilities• Additional \$10 for each facility beyond 25
The fee cap for each facility is \$2,500. Fees received after March 31 will be assessed a 10 percent late penalty. Credit is available to those who paid a “Right-to-Know” fee to a city as a result of a grandfathered local law or ordinance.	The fee cap for each company is \$900. Fees received after March 31 will be assessed a 10 percent late fee. Credit is available to those who paid a “Right-to-Know” fee to a city as a result of a grandfathered local law or ordinance.

Risk Management Program (RMP)

Accidental Release Prevention - 112r of Clean Air Act

RMP fees are due annually on September 1, and are based on the regulated substances listed in the latest RMP on file.

\$50 Annual Registration Fee plus:

- \$65 for propane if the only regulated substance on-site;
- \$65 for anhydrous ammonia sold for use as an agricultural ingredient; and
- \$200 for all other regulated substances

Ohio Environmental Protection Agency Fee Schedule

Solid Waste (Division of Materials and Waste Management)

State Solid Waste Disposal

Effective August 1, 2009, municipal solid waste landfills and transfer facilities collect and remit to Ohio EPA a **\$4.75 fee levied on each ton.**

Effective Sept. 29, 2015, this disposal fee is distributed as follows:

Fee Distribution	Fee per Ton
Division of Environmental Response and Revitalization hazardous waste management	\$0.20
Division of Environmental Response and Revitalization clean-up activities	\$0.70
Division of Materials and Waste Management’s solid waste, infectious waste, construction and demolition debris, composting and beneficial use programs	\$0.75
Ohio EPA’s Environmental Protection Fund	\$2.85
Department of Agriculture’s (ODA) soil and water conservation	\$0.25
Total Distribution	\$4.75

If the fees are paid in a timely manner, then the facility may retain a discount of three-fourths of one percent on the total amount of the fees. Fees not remitted by the due date are subject to the \$4.75 per ton rate and a late fee of 10 percent of the unpaid fees for each month that they are late.

A monthly disposal return may be filed and fee remittance may be paid electronically through the Agency’s [eBusiness Center](#). Return information is available at epa.ohio.gov/dmwm/ by selecting *Forms* from the drop-down button under *DMWM SITE LINKS*.

Source: Ohio Revised Code 3734.57(A)

Construction and Demolition Debris Disposal

Municipal solid waste landfills and construction and demolition debris (C&DD) landfills collect and remit fees levied on the disposal of C&DD. This fee is remitted to the licensing authority of the facility, which can be either Ohio EPA or a local health department. Fees not remitted by the due date are subject to a late fee of 10 percent of the unpaid fees for each month that they are late.

The fee is \$1.60 per ton (\$0.80 per cubic yard) for C&DD waste disposed at a solid waste or C&DD landfill. This disposal fee is distributed as follows:

Fee Distribution	Fee per Ton	Fee per Cubic Yard
Division of Environmental and Financial Assistance’s recycling and litter prevention program	\$0.75	\$0.375
Department of Agriculture’s (ODA) soil and water conservation	\$0.25	\$0.125
License Authority (Health Department or Ohio EPA) C&DD program	\$0.60	\$0.300
Total Distribution	\$1.60	\$0.800

If the facility is in a county or city that has an Ohio EPA-approved C&DD program, then fees are payable to that board of health. Otherwise, the fee is payable to Ohio EPA. A list of approved county and city health departments is available at epa.ohio.gov/dmwm/ by selecting *Health District Partners* from the drop-down button under *DMWM SITE LINKS*.

Ohio Environmental Protection Agency Fee Schedule

City, township or county governmental entities may pass an ordinance appropriating a portion of the license authority's share of the C&DD disposal fee. As a result, the maximum fee amount that may be retained by an approved health department for C&DD program support is \$0.54 per ton or \$0.27 per cubic yard. The maximum fee amount that may be retained by Ohio EPA for C&DD program support is \$0.60 per ton or \$0.30 per cubic yard. For more detail, see the table below.

License Authority Fee Distribution	Fee per Ton	Fee per Cubic Yard
City or Township, if applicable	\$0.08	\$0.040
County, if applicable	\$0.06	\$0.030
Division of Materials and Waste Management's C&DD program	\$0.06	\$0.030
Local Health Department or Ohio EPA if Health Department not approved	\$0.40	\$0.20
Total Distribution	\$0.60	\$0.300

Effective Apr. 1, 2016, Ohio EPA no longer collects the additional \$0.10 per ton authorized for ground water monitoring on waste disposed in C&DD landfills.

For monthly disposal returns filed with Ohio EPA, electronic filing and fee remittance is available through the Agency's [eBusiness Center](#). A monthly return form is also available at epa.ohio.gov/dmwm/ by selecting *Forms* from the drop-down button under *DMWM SITE LINKS*.

Source: Ohio Revised Code 3714.07, 3714.071 and 3714.073

Annual License

Each license application must be accompanied by a \$100 non-refundable license application fee. If the facility is in a county that has an Ohio EPA-approved solid waste program, then fees are payable to that county's board of health. Otherwise, the fee is payable to Ohio EPA. A list of approved counties is available at epa.ohio.gov/dmwm/ by selecting *Health District Partners* from the drop-down button under *DMWM SITE LINKS*.

Upon license issuance, the application fee will be applied to the license fee and will be shown on the license fee statement. A weekly 10 percent late fee applies to license renewal application fees not received by the required date.

Solid and Infectious Waste Facility

All license applications may be completed electronically through the Agency's [eBusiness Center](#). However, only license application and license fees remitted to Ohio EPA may be paid through the Agency's [eBusiness Center](#).

The approved board of health retains license fees of \$2,500 or less and transmits the balance of fees greater than \$2,500 to Ohio EPA, who in turn must transmit the money to the state General Revenue Fund (GRF).

Solid Waste Landfill

The annual license fee is outlined in the table to the right.

Exceptions to the Landfill Annual License Fee Schedule

- The following shall pay a \$5,000 annual license fee regardless of the daily waste limit:
 - Facilities owned by the generator of solid wastes, when the facility exclusively disposes of solid wastes generated at one or more premises owned by the generator, regardless of where the facility is located; and
 - Facilities exclusively disposing of wastes that are generated from the combustion of coal that is not combined with garbage.
- If no authorized maximum daily waste receipt is set, the annual license fee is \$60,000.

Scrap Tire Facilities

Each license application must be accompanied by a \$100 non-refundable license application fee, unless the application is for a scrap tire collection or storage facility owned or operated by a licensed motor vehicle salvage dealer. Motor vehicle salvage dealers licensed under Chapter 4738 of the Ohio Revised Code are exempted from the application fee for a license to operate a scrap tire collection or storage facility.

License application fee is credited to the approved board of health to pay for its inspection costs, or if the board is not approved, to the Ohio EPA's Scrap Tire Management Fund. Upon license issuance, application fee will be applied to the license fee and will be shown on the license fee statement.

If a facility is in a county that has an Ohio EPA-approved solid waste program, then fees are payable to the local board of health. The approved board of health retains the entire amount. Otherwise, fees are payable to the Ohio EPA. A list of approved counties is available at epa.ohio.gov/dmwm/ by selecting *Health District Partners* from the drop-down button under *DMWM SITE LINKS*.

All license applications may be completed electronically through the Agency's [eBusiness Center](#). However, only license application and license fees remitted to Ohio EPA may be paid through the Agency's [eBusiness Center](#).

The approved board of health retains license fees of \$15,000 or less and transmits the balance of fees greater than \$15,000 to Ohio EPA, who in turn must transmit the money to the Ohio EPA scrap tire management fund.

Registration

Infectious Waste Generator and Scrap Tire

Infectious waste generator and scrap tire registrations may be electronically completed and paid through the Agency's *eBusiness Center*.

Infectious Waste Generator

Generators of 50 pounds or more of infectious waste per month shall pay a \$140 registration certificate fee. The registration certificate is valid for three years and is renewable. One registration fee and certificate applies to all premises owned or operated by the same generator. Fees are transmitted to the Ohio EPA's Waste Management Fund.

Scrap Tire Facility Initial Registration Application

Scrap tire facilities of various kinds are required to obtain a registration certificate with a one-time registration fee or a permit, depending on the size of the facility, as specified by Ohio EPA rules. A \$15 application fee is required for initial scrap tire facility registrations. No initial application fee applies if a scrap tire facility is a collection or storage facility, or is owned or operated by a motor vehicle salvage dealer.

Scrap Tire Collection Facilities

The fee for a registration certificate for a scrap tire collection facility is \$200, or \$25 if the facility is owned or operated by a licensed motor vehicle salvage dealer. Scrap tire collection facilities are required to have a registration certificate under Ohio EPA rules.

Scrap Tire Storage Facilities

The fee for a registration certificate for a scrap tire storage facility is \$300, or \$25 if the facility is owned or operated by a licensed motor vehicle salvaged dealer. Scrap tire storage facilities must have EITHER a registration certificate OR a permit, depending upon the number of tires to be stored. Ohio EPA rules specify which is required for storage facilities of different sizes.

Source: Ohio Revised Code 3734.76 and 3745.11(R)(2)

Scrap Tire Recovery Facilities

The fee for a registration certificate for a scrap tire recovery facility is \$100. Scrap tire recovery facilities must have EITHER a registration certificate OR a permit, depending upon the quantity of tires to be processed at the facility. Ohio EPA rules specify which is required for recovery facilities of different sizes.

Scrap Tire Transporters

With two exceptions, the annual registration fee for scrap tire transporters is \$300. If the transporter is a licensed motor vehicle salvage dealer transporting only tires obtained from motor vehicles received by him for salvage, and transported in his own vehicle, there is no registration fee. The fee is \$50 for scrap tire transporters who are also tire retail dealers or retreaders.

Other Registrations

C&DD Processing Facilities

Effective October 6, 2017, a \$100 registration certificate fee for a C&DD processing facility is required to be remitted to the licensing authority of the facility, which can be either Ohio EPA or a local health department. A C&DD Processing Facility Application for Registration form is available at epa.ohio.gov/dmwm/ by selecting *Forms* from the drop-down button under *DMWM SITE LINKS*.

Wholesale Tire Sales

A fee of \$1.00 per tire is levied on the wholesale sale of each replacement tire sold in Ohio. The Department of Taxation receives two percent for fee administration. The remaining 98 percent of this fee is split evenly to fund Ohio EPA's scrap tire remediation and enforcement program and Ohio Department of Agriculture's soil and water conservation. Some proceeds from Ohio EPA's fee may be transferred to the scrap tire market development grant program in the Division of Environmental and Financial Assistance.

Permit

Permit fees are remitted to Ohio EPA with a check payable to Treasurer, State of Ohio.

Construction and Demolition Debris Landfill

Permit applications for construction and demolition debris landfills must include an application fee of \$2,000. The application fee must be refunded to the person that submitted the application for the permit-to-install not later than six months after a facility that is issued a permit-to-install begins accepting construction and demolition debris for disposal.

Solid and Infectious Waste Facility

Solid and infectious waste permit applications must include a non-refundable application fee of \$400. Upon permit issuance, this application fee will be applied to the permit fee and will be shown on the permit fee statement. Solid waste facility permit fees are credited to the state General Revenue Fund (GRF). For fee detail, see the permit fee summary table at the end of this section.

Scrap Tire Facilities

Scrap tire permit applications must include a non-refundable application fee \$400, except for permit applications for scrap tire storage facilities owned or operated by a licensed motor vehicle salvage dealer, which are exempted from the application fee. Upon permit issuance, this application fee will be applied to the permit fee and will be shown on the permit fee statement. These fees are credited to the Scrap Tire Management Fund.

Various kinds of scrap tire management facilities are required to have EITHER a permit OR a registration certificate, depending upon the quantity of tires handled at the facility, as specified by Ohio EPA rules. The amount of the permit fee is specified in Ohio Revised Code 3745.11(R). These support financial assistance to tire recycling facilities, research into tire recycling technologies, remediation of scrap tire accumulations, and Ohio EPA's scrap tire regulatory program.

Scrap Tire Storage Facilities

The permit fee for a scrap tire storage facility is \$1,000, or \$50 if the storage facility is owned or operated by a licensed motor vehicle salvage dealer.

Operator Certification

Any person applying to the director to take an examination for certification as an operator of a water supply system or wastewater system under Chapter 6109 or 6111 of the Ohio Revised Code, at the time of application, shall pay a fee according to the schedule shown.

Any person applying to the director for certification as an operator of a water supply system or wastewater system who has passed an exam administered by a director-approved examination provider shall pay a certification fee of \$45.

Any person applying to the director for certification through reciprocity from another state or entity, shall pay a certification fee of \$45. Should the director approve the request for reciprocity, then the applicant shall pay a fee that is equivalent to the examination fee for the level of certification at which reciprocity is granted.

A person shall pay a certification renewal fee every two years for each applicable class of certification according to the schedule shown.

If a certification renewal fee is received by the director more than 30 days, but not more than six months after the expiration date of the certification, the person shall pay a Late certification renewal fee according to the schedule shown.

A person who requests a replacement certificate shall pay a fee of \$25 at the time the request is made.

Any person applying to be an examination provider shall pay an application fee of \$500.

Any person designated as an examination provider shall pay an annual fee equivalent to 10 percent of the fees collected for administering water supply system or wastewater treatment system certification examinations in Ohio for the calendar year. The fee shall be paid no later than 45 days after the end of the calendar year.

Annual Sludge Treatment or Disposal

Any facility that treats or disposes of sewage sludge shall pay an annual fee based upon the dry tons of sludge materials treated or disposed. This fee is in addition to the annual discharge fees outlined previously. Any facility that treats an average of less than 5,000 gallons per day of wastewater is exempt from paying this annual sludge fee. The annual sludge fees are outlined below:

Disposal Method	Fee per Dry Ton ⁽¹⁾	Minimum Fee	Maximum Fee
Sludge incineration	\$3.00-\$3.50	\$100	\$5,000
Pre-existing land reclamation	\$3.00-\$3.50	\$100	\$5,000

Water Quality Certification

Activities such as construction, mining and erosion control that involve dredging or filling of any waters of the state must be reviewed and receive approval in the form of a 401 water quality certification. In addition to the \$200 application fee, applicants applying for a water quality certification shall pay the following review fees:

Resource Impacted	Review Fee
Wetland	\$500 per acre
Ephemeral Stream	\$5 per linear foot or \$200, whichever is greater
Intermittent Stream	\$10 per linear foot or \$200, whichever is greater
Perennial Stream	\$15 per linear foot or \$200, whichever is greater
Lake	\$3 per cubic yard of dredged or fill material

One half of the applicable review fee is due at the time of application. The remainder shall be paid at the time the director takes an action on the application.

The total review fee paid shall not exceed \$25,000 per application. If the applicant is a county, township or municipal corporation in the state, the total certification fee paid shall not exceed \$5,000 per application.

401 water quality certification fees do not apply to any agency or department of the state or the U.S. Army Corps of Engineers. Fees established under this section also do not apply to projects authorized under Ohio EPA's general certifications of the U.S. Army Corps of Engineers nationwide permits, or other general permits.
