

**Public Notice**  
**Ohio Environmental Protection Agency**  
**Redesignation and Maintenance Plan for the Columbus, Ohio**  
**Ozone Nonattainment Area**

**Delaware, Fairfield, Franklin, Knox, Licking, and Madison Counties**

Notice is hereby given that the Director of the Ohio Environmental Protection Agency, (Ohio EPA) is requesting that the United States Environmental Protection Agency (U.S. EPA) revise the current air quality designation for the Columbus, Ohio area; Delaware, Fairfield, Franklin, Knox, Licking and Madison counties to attainment with respect to the 2008 eight-hour ozone national ambient air quality standard (NAAQS). Air quality monitoring data collected between 2012 and 2014 in the region demonstrated attainment of the NAAQS and there was evidence that the improved air quality is due to permanent, enforceable emission reductions. In addition, existing requirements are sufficient to maintain the 2008 eight-hour ozone standard in this area at least ten years into the future. Projected emissions and computer models show that existing state and federal emission reduction requirements are sufficient to attain and maintain the NAAQS in the Columbus area. Therefore, Ohio EPA proposes to utilize existing emission inventory information and projections of future emissions as the demonstration of the ability to maintain the NAAQS in the Columbus area in the future.

The Columbus area is currently designated as nonattainment for the 2008 ozone standard. As part of an acceptable maintenance plan, Ohio EPA is required to develop a contingency plan to provide for additional emission reductions if a violation of the NAAQS is monitored after the area has been redesignated. The plan which Ohio EPA is proposing to U.S. EPA as part of this redesignation contains reductions which will help alleviate the ambient problem until a revised SIP can be developed.

The State of Ohio proposes to:

1. Request the U.S. EPA redesignate the Columbus area to attainment with respect to the 2008 ozone NAAQS and revise the maintenance plan. This request will document that existing enforceable control measures are responsible for the observed improvement in air quality.
2. Designate existing controls as sufficient to maintain the NAAQS into the future.
3. Commit to the proposed contingency plan.

These actions must be noticed to allow public comment and to satisfy U.S. EPA requirements for public involvement in SIP related activities. This notice addresses Ohio EPA's reliance on the emission projections as evidence of attainment and maintenance and the commitment to institute contingency measures if ambient exceedances or violations trigger the contingency plan requirements. Written comments will be received on or before June 2, 2016 at the following address:

Pursuant to Section 119.03 of the Ohio Revised Code, a public hearing on this redesignation request will be conducted as follows: **June 2, 2016 at 3:00 P.M.**, Ohio EPA Lazarus Government Center, located at 50 West Town Street, Suite 700, Columbus, Ohio 43215.

All interested persons are entitled to attend or be represented at the hearings and give written or oral comments on these changes. All oral comments presented at the hearing, and all written statements submitted at the hearing or to the above address by the close of business on June 2, 2016 will be considered by Ohio EPA prior to final action on this redesignation. Written statements submitted after June 2, 2016 may be considered as time and circumstances permit, but will not be part of the official record of the hearing.

This redesignation and maintenance request is available on Ohio EPA DAPC's Web page for electronic downloading at: <http://www.epa.state.oh.us/dapc/SIP/2008.aspx>. Questions regarding accessing the web site should be directed to Paul Braun at 614-644-3734; other questions or comments about this document should be directed to either Erica Fetty, (614)-644-2310, [Erica.FettyDavis@epa.ohio.gov](mailto:Erica.FettyDavis@epa.ohio.gov) or Jennifer Van Vlerah at (614) 644-3696, [Jennifer.VanVlerah@epa.ohio.gov](mailto:Jennifer.VanVlerah@epa.ohio.gov) or mailed to Erica Fetty or Jennifer Van Vlerah at the above address.
