2.0 Duties of an Owner or Operator

2.1 ORC 3752.06(A)(1) requires you to attach a copy of the most recent emergency and hazardous chemical inventory form with a statement indicating whether any asbestos-containing materials are present at the facility. If you have not attached this information, please explain why.

2.2 ORC 3752.06(A)(2) requires you to attach a copy of the current hazardous chemical list, or each MSDS, that you are required to report to the State Emergency Response Commission after you submitted your most recent emergency hazardous inventory form. If you have not attached this information, please explain why.

2.3 ORC 3752.06(A)(3) requires you to attach a precise description of where each stationary tank, vat, electrical transformer, and vessel of any type, that contains or is contaminated with regulated substances and a description of what each item contains or is contaminated with, if you will be leaving any of these items at the facility. Note: An owner or operator should document stationary items that contain or are contaminated with regulated substances at the time of cessation of regulated operations. If you have not attached this information, please explain why. Also, if you need to keep a regulated substance in a stationary item, please identify the item and explain why (e.g., due to local codes, to maintain electrical service).

2.4 Describe how the regulated substances from each stationary item that will remain at the facility were transferred, sold or disposed as required by ORC 3752.06(A)(4). If you need more space, you may attach an explanation/documentation.

2.5 Describe how all the nonstationary equipment and furnishings, nonstationary containers, motor vehicles, rolling stock and debris that contain or are contaminated with a regulated substance were transferred, sold or disposed, as required by ORC 3752.06(A)(5). If you need more space, you may attach an explanation/documentation.
