1 Note: To avoid double-counting, any "additions" for waste exported out-of-state by Ohio transfer stations is not included in the District's disposal and generation totals shown on the final page of this report. This waste has already been accounted for in the entries for the transfer stations. Only waste reported by neighboring states and Ohio solid waste districts that was not sent through a transfer station has been added to the totals.

1 Note: To avoid double-counting, any "additions" for waste exported out-of-state by Ohio transfer stations is not included in the District's disposal and generation totals shown on the final page of this report. This waste has already been accounted for in the entries for the transfer stations. Only waste reported by neighboring states and Ohio solid waste districts that was not sent through a transfer station has been added to the totals.

1 Note: To avoid double-counting, any "additions" for waste exported out-of-state by Ohio transfer stations is not included in the District's disposal and generation totals shown on the final page of this report. This waste has already been accounted for in the entries for the transfer stations. Only waste reported by neighboring states and Ohio solid waste districts that was not sent through a transfer station has been added to the totals.

1 Note: To avoid double-counting, any "additions" for waste exported out-of-state by Ohio transfer stations is not included in the District's disposal and generation totals shown on the final page of this report. This waste has already been accounted for in the entries for the transfer stations. Only waste reported by neighboring states and Ohio solid waste districts that was not sent through a transfer station has been added to the totals.
