Adding Facilities/Permits to My Facilities Dashboard

- From your facilities dashboard, click “Add Facility/Permit” on the top menu.
- Enter the permit number and click the “Search” button. If permit number is unavailable, select “I don’t have a permit number” to see other search fields.
- Click the “Select” button next to the facility to add it to your facilities dashboard.

Managing Permits

- Click the facility of interest to show all related permits, applications, and reports.

- Selecting the “Actions” button will provide a dropdown menu with several options to manage each permit (Renew, Terminate, Transfer, Create Report, etc.).
 - After selecting “Create Report”, choose a report type from the dropdown list. Once the report is saved, it will appear in the Reports section under the associated facility permit.

Applications

Once saved, all application forms will be housed under the associated permit on the Facility Profile Dashboard. Options to download a PDF copy, edit, delete, or delegate to another eBusiness Center account holder can be found under the “Actions” button for each application. Applications **must be submitted by the Responsible Official/Legal Permit holder**.
