Notice of Termination (NOT) – Electronic Application Overview

The STREAMS service provides the capability to electronically submit the Notice of Termination (NOT) application form. This form can be accessed via your facilities dashboard (i.e., the opening screen in STREAMS which displays your facilities list). NOT application forms that are created will be displayed on the Application List where additional actions may be performed on them (ex. downloading PDF application, edit, delete, and delegate).

Working within your secure eBusiness Center account, the easy-to-use smart forms, paperless one-click submittals, and the ability to make fee payments online make the STREAMS service the go-to destination to submit your NOT application forms – as well as applications for nearly 20 other permit types and dozens of additional reports (ex. non-compliance, priority pollutant report, annual reports, etc.)

Detailed steps on how to fully complete the NOT application form has been displayed below.
